

Sheppard M80 & M80 Slave Gear

Sector Shaft Dirt & Dust Seal

You asked. We Listened. The sector shaft dirt & dust seal, included in our Sheppard M80 heavy duty gear seal kit, #8825 and Sheppard M80 heavy duty slave gear seal kits #8860 and #8884, has been updated. We have reengineered this seal to allow for easier installation while maintaining the high level of quality you rely on with all the seals inside TransTec® kits.

TransTec® **B39260**
OE REFERENCE # **2351852**

Note: Kits built on or after 1/5/17 include the reengineered seal.
