

# Your customers **TRUST** you. You **TRUST TRANstec**®

Fisher's Transmission Center, Inc. has been a part of the Norwalk, Ohio community since 1959 when Lyle Fisher, Sr. first started Fisher's Garage. Fisher's

Transmission Center has been in the same location for 57 years and remains a family-owned business. Lyle Fisher, Jr. took over the business in 1996 and he was joined by his brother Bob in 2006.

*Transmissions have changed a lot over the last 35 years. From 4-speed to 9- and 10-speed step units, to belt and chain driven CVTs, dual-clutch technologies and now EVTs. However, one thing has remained constant. TransTec® is a brand that is trusted by transmission professionals both locally and globally.*

***"I trust TransTec® because of their research, development and the testing they do with different lip seals. And the type of material they use (for their kits) is far better than the other brands."***

**Lyle Fisher Jr., Fisher's Transmission Center Inc.**
