

Meet IVN, A **TRANStec**[®] Virtual Employee

Interact with the next generation of Transmission and Steering technologies

360° rotation provides a dynamic way to experience TransTec[®] products from every angle

Preview teardown videos of the latest units before they hit your bench

Explore features and benefits of TransTec[®] components right at your fingertips

Debuting at Powertrain EXPO 2016!

Your customers TRUST you.
You TRUST **TRANStec**[®]

An inside look at the newest Automatic Transmission and Power Steering products. IVN (Interactive Virtual Navigation) will take you on a virtual reality ride where **YOU** can navigate every angle of our products in a compelling and interactive TransTec[®] 3D world.
