

New Product Announcement

Ford 6R60 2006-up

We are pleased to announce the availability of TransTec® Overhaul kit 2495 which is in stock and available for immediate shipment. This kit covers the six-speed 6R60 unit found in 2006-up Ford applications and will contain the bonded valve body separator plate.

As a service to our distributors, we have researched clutch plate information for the 6R60 transmission. The following is provided for reference only, and is accurate to the best of our knowledge. However, we are not responsible for errors.
