

NEW PRODUCT ANNOUNCEMENT

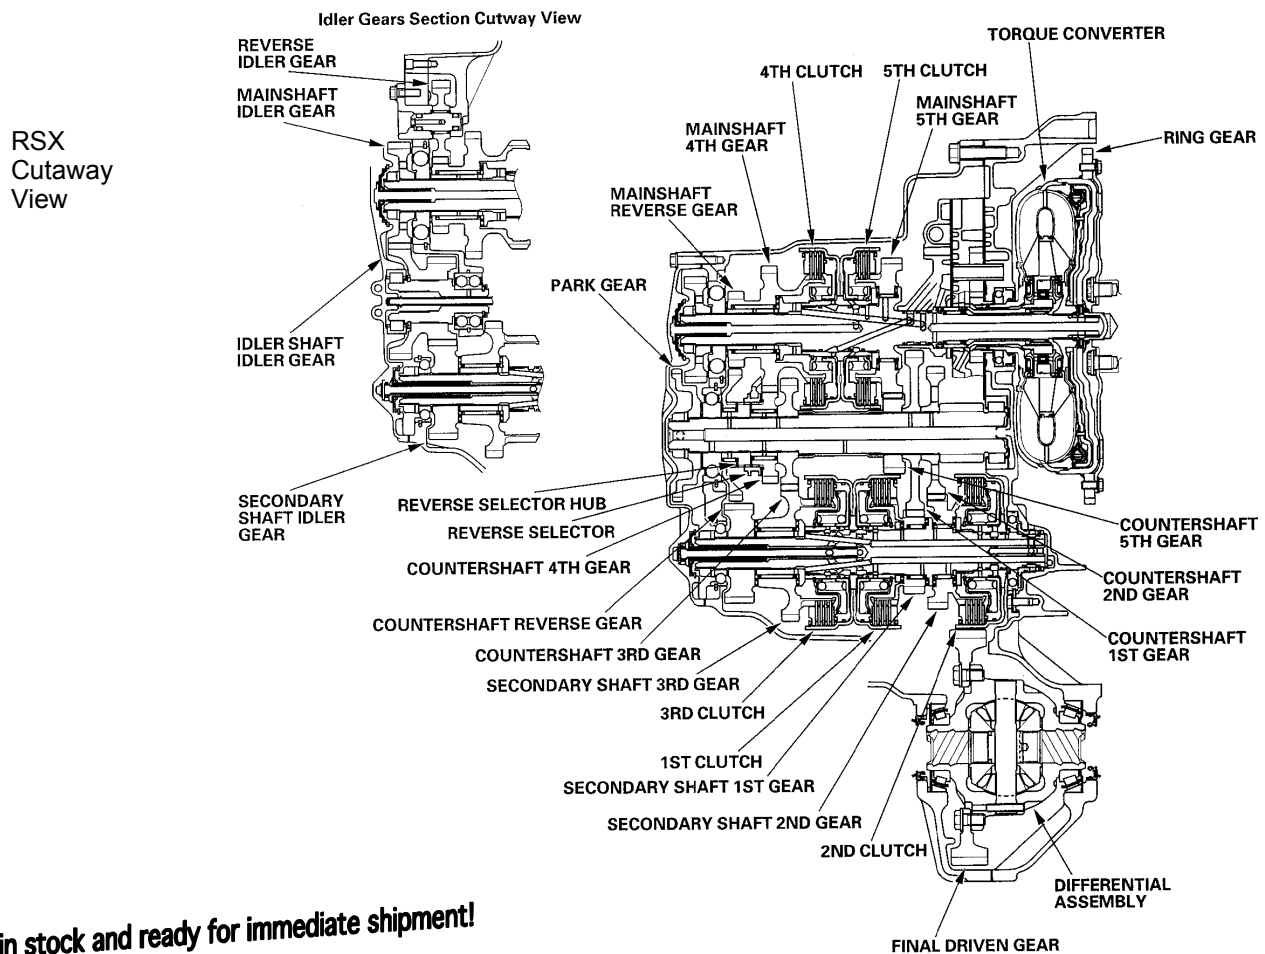

NPA2003-2, Feb 2003

2002-Up Acura RSX (MRMA) Overhaul Kit #2430

TransTec overhaul kits are now available for the 2002-up Acura RSX. The RSX has a front wheel drive, 5-speed automatic transmission designated the MRMA. It consists of a main shaft, secondary shaft and counter shaft, along with 5 clutch packs.

The low, 2nd & 3rd clutch pistons use molded rubber piston retainers manufactured by NOK, our parent company. These retainers are not included in the overhaul kit, but are available in bulk under part #81848.

Kit #2430 includes genuine NOK seals and O-rings, and premium paper gaskets.

Kits are in stock and ready for immediate shipment!
