

New Product Announcement

Dodge 68RFE 2007-UP

CORTECO is pleased to announce the availability of TransTec® overhaul kits for 2007-up Dodge Ram 2500-3500 series trucks with 6.7L diesel engines. Kit number **2543** includes bonded pistons whereas kit number **2544** is built without the bonded pistons. Both of these new kits are without a pan gasket. This application is also available with a Duraprene® pan gasket. Please order **DP2543** if you require bonded pistons or **DP2544** for a kit without bonded pistons. The 68RFE is the successor to the Dodge 5-45RFE
