

New TransTec® branded TRW TAS Series Poppet Valve Kits are now available!

Kit **71018477** services all TAS 37 models and kit **71018476** services TAS 85 gears. Both kits are designed and manufactured to meet OE performance requirements and include everything necessary to replace damaged, seized or worn pressure relief valves.

71018477 – TAS 37 Models

71018476 – TAS 85 Models

Your customers depend on you to perform the most complete rebuild possible, so make sure to replace these poppet valves on every unit and you'll be helping to extend the life of the gear.

TransTec® kit **49402023** (86H017) for TAS 40, 55, 65 & THP 45 & 60 models is also still available.
